Allergy, Genes and Environment Network
TABLE 1: Estimated Food Allergy Prevalence among Canadian children and adults (Probable food allergy self-reported through a nationwide AllerGen research survey)

| Food allergen | \% Canadians with food allergy ${ }^{1}$ |  | Canadian population ${ }^{2}$ | \# Canadians with food allergy ${ }^{3}$ |
| :---: | :---: | :---: | :---: | :---: |
| ANY FOOD | Children (0-17 years) | 6.7\% | 7,029,310 | 470,963 |
|  | Adults (18+ years) | 5.9\% | 28,122,405 | 1,659,222 |
| 1. Peanut | Children (0-17 years) | 3.2\% | Data sources: <br> 1. 2016 nationwide | 224,938 |
|  | Adults (18+ years) | 0.8\% |  | 224,979 |
| 2. Tree nut | Children (0-17 years) | 2.1\% | AllerGen survey | 147,615 |
|  | Adults (18+ years) | 1.3\% | Practice (Apr 2020) | 365,591 |
| 3. Shellfish | Children (0-17 years) | 0.9\% | 2. 2016 Statistics Canada Census | 63,264 |
|  | Adults (18+ years) | 1.1\% |  | 309,346 |
| 4. Fish | Children (0-17 years) | 1.1\% | 3. Prevalence calculation | 77,322 |
|  | Adults (18+ years) | 0.5\% |  | 140,612 |
| 5. Egg | Children (0-17 years) | 1.8\% | The number of Canadian children or adults with a food allergy is calculated using prevalence percent (\%) ${ }^{1}$ for ANY FOOD allergen multiplied by the population data ${ }^{2}$. | 126,527 |
|  | Adults (18+ years) | 0.6\% |  | 168,734 |
| 6. Milk | Children (0-17 years) | 1.2\% |  | 84,352 |
|  | Adults (18+ years) | 1.1\% |  | 309,346 |
| 7. Wheat | Children (0-17 years) | 0.2\% | The number of Canadian children or adults with a food allergy cannot be estimated by summing figures for specific allergens, as these figures would count Canadians with multiple food allergies more than once. | 14,059 |
|  | Adults (18+ years) | 0.5\% |  | 140,612 |
| 8. Sesame | Children (0-17 years) | 0.3\% |  | 21,088 |
|  | Adults (18+ years) | 0.2\% |  | 56,245 |
| 9. Soy | Children (0-17 years) | 0.3\% |  | 21,088 |
|  | Adults (18+ years) | 0.3\% |  | 84,367 |
| 10. Other | Children (0-17 years) | Not reported |  | -- |
|  | Adults (18+ years) | Not reported |  | -- |
